RELEASE INFOS:

Ipoly Music is the new imprint A&R'ed by Alec Troniq and Mentalic, managed by Microtonal Records. After various releases for Etui Records, Phonocake and Microtonal the two talented travellers have found their own place of creativity and reveries. Ipoly stands for melodic dancemusic to lead deeper sentiments back to the dancefloor where body and mind become reunited.

On IPOLY001 Alec Troniq immerses via 'Sub Aquers' to abyssal spheres, to dive through his own world of myths. On the other side a daunting mood of odd claustrophobia is created, to flip afterwards into a quite oppositional flow.
