**Release Notes:**

Here we go with a split EP on Kaato Music, presenting 4 involved and hot acts on one vinyl. On the A side we have Sonic and Wooden with a strong latin flavoured tech house track, compressing a flamenco guitar and traditional singer in a strong tune for summer and outdoor fanatics. Great vibes on this one. The remix come from nobody else but Andomat 3000, purveyor of the fine funk and already artist on labels like Candenza, MBF, Microtonal and many more. His remix takes the original into a more underground-oriented direction. On the flip we have labelhead Björn Wilke with one of the secret top tunes of this years Ibiza opening and season called „Liberia“. Finally this piece of dancefloor mayhem touches ground and gets released on vinyl. As a bonus on the flip, there is a exclusive remix of London newcomer Farrin Collins, who reinterpretes Björns deep house anthem „Salvation“ in his very special way.
