Release Notes:

After several releases on labels like Bar25, Microtonal, Dantze and Etui Records End Of Tape finally hit the box with their Tape Jam EP. These guys don't talk with each other – they just do music and that's the best. The result of this gone wrong musician friendship (but tight producer team at the same time) you can celebrate with this EP. This is no snow from yesterday – it's the musical climatic change of tomorrow – without any opportunity.

Support Infos:

Played & supported by Paco Osuna, Anderson Noise, Lexy, Electric Rescue, Beatamines, Gabriel Ananda, Piemont, Carlo Lio, Markus Kavka and many more.
