**Release Notes:**

Beat a track that already is a hit? Nearly impossible – but not for Noir Music. They just took Superfunk's Lucky Star and dropped it into a damn hot new edition for 2012. Thanks again to Solomun (Diyynamic, Supernature) for another brilliant remix work. Kolombo takes it back to the oldschool days with a deep work and a real 303 acid edit. Overall a superb must-have package.
